SECTION 4 ORGANISATION OVERVIEW

4.1 Introduction

ICAN Learn is a division of the Indigenous Consumer Assistance Network LTD (ICAN). Incorporated in 2007, ICAN has become a national leader in consumer advocacy, financial counselling, and literacy for Indigenous people. ICAN Learn is a Registered Training Organisation and provides ethical education to the broader financial well-being sector; fostering leadership and professional expertise.

4.2 About ICAN

Indigenous people living in regional and remote communities are one of the most disadvantaged consumer groups in Australia. A combination of limited English and financial literacy levels, a lack of services and an uncompetitive marketplace leave the Indigenous Australian population open to financial exploitation. Data collected by ICAN reveals that Indigenous people often fall prey to unscrupulous used car dealers, finance companies, payday lenders, telemarketers and door-to-door salespeople. In line with its vision to empower Indigenous consumers, ICAN aims to turn this situation around by providing Indigenous consumers with assistance to alleviate consumer detriment, education to make informed consumer choices and advocacy services to highlight and tackle Indigenous consumer disadvantage.

ICAN specialises in providing quality financial counselling and consumer advocacy services, financial capability and wellbeing, financial literacy education and other program development in partnership with key stakeholders.

4.3 ICAN Learn

ICAN Learn supports ICAN's mission and vision to build the Indigenous financial counselling and capability workforce throughout Australia and develop the financial counselling and capability sector more broadly. ICAN Learn prides itself on industry focused education and the development of opportunities to develop and deliver professional development opportunities to financial counsellors across Australia.

4.4 ICAN Learn Vision

4.4.1 Mission

ICAN Learn engages students in meaningful, industry focused education that empowers their lives and enables them to be confident in their professional development, through the provision of high quality education. *Educate. Learn. Empower. Lead.*

4.4.2 Values

ICAN Learn delivers education with respect, understanding and consideration of you, the student using a quality framework that upholds standards of equity and access and the principles of social justice. *Real Education with Industry Connections.*

4.4.3 Objectives

ICAN Learn empowers its learners to be the best, grow professionally and share their knowledge and understanding with consumers (clients) and peers (colleagues) focusing on the two-way education that is so vital for adult learning and development.

4.5 ICAN Learn educators

ICAN Learn educators are qualified financial counsellors qualified in vocational education design, delivery and assessment, have current industry experience and expertise in the areas that they teach. ICAN Learn educators are committed to the ICAN Learn values, objectives and work closely with industry, financial capability and community services networks and financial counselling peak bodies across Australia ensuring that education and information is current and relevant.

4.6 Continuous Improvement

ICAN Learn works in a framework of continuous improvement by having current resources and approaches to give students the best chance of future success. We achieve this through significant established relationships with financial counselling peak bodies throughout Australia, partnerships with agencies and organisations and financial counselling professionals we employ.

SECTION 5 GENERAL COURSE INFORMATION

5.1 Online Learning

ICAN Learn has implemented a strong live online learning approach to overcome the challenges of COVID-19, thereby ensuring that our preference for in person face-to-face delivery is maintained.

We use zoom to link with students every week to deliver live classes which are compulsory to attend. Links to sessions are sent by email to every student so that diary dates are booked in advance.

We use an online portal called Vasto for resource and assessment management. This contains all downloadable resources, templates and other learning materials and reading /watching topical items of interest plus access to your assessment portal.

Trainers and assessors will communicate with the student via the Vasto portal. Notifications about any changes will come through this avenue. It is vital that we have an updated personal email address for communications; so please be sure to update any changes in the “Settings” section of Vasto. We prefer not to use work or organisational email addresses as these cause firewalling and non-delivery of email communication on a regular basis. If you do not have a personal email address, please create either a Gmail or Hotmail email address for the purposes of study. Students must check their email at least weekly.

5.2 Amendments to Course of Study

If you need to withdraw¹ from the course, please talk to your trainer in the first instance and then the ICAN Learn administration team regarding options for this process. The team can be contacted through administration@icanlearn.edu.au

The tables below outline the circumstances in which you will be entitled to a refund of the different fees associated with your enrolment.

5.3 Refunds²

5.4 Fees³

5.5 Course Evaluation and Feedback

Students are asked to complete regular evaluations relating to the delivery and content of each module/unit of competency undertaken. These evaluations are confidential, and anonymous and completed electronically via SurveyMonkey. Links for surveys are provided by the trainer to the student and can also be found in Vasto upon completion.

Students are invited to attend a focus group at the end of each course to provide verbal feedback. Focus groups provide an opportunity to discuss any aspect of your experience to assist ICAN Learn to improve aspects of the student experience including course delivery and assessment.

5.6 Access to Student information

A record is maintained for every enrolled student. Records reside within the ICAN Learn student management system. Students are entitled to request access to their information by making a request in writing to the administration via administration@icanlearn.edu.au.

ICAN Learn protects the student's privacy⁴ and confidential information at all times.

5.7 Change of Personal details

If there is a change to of your contact details during the course, you must update your VASTO profile immediately.

Incorrect contact details will prevent ICAN Learn from sending your qualification or education records to you.

⁴ Privacy Act 1988

SECTION 6 ATTENDANCE

6.1 Overview

Our courses seek to operate in an environment that reflects the professional standards of the financial counselling, financial wellbeing and community services industry. It is the responsibility of students to adhere to industry standards regarding attendance and punctuality. Full responsibility is placed on individual students to adhere to the course requirements, including those related to attendance.

An attendance register is recorded in the student management system.

Students who arrive late without an appropriate explanation will be marked absent for part of the day.

95% attendance is expected. All dates on course timetables are required attendance dates unless otherwise marked or negotiated due to special circumstances⁵.

Absence from a class MUST be communicated to the trainer for that unit prior to the class date, or at the earliest opportunity. Failure to do so may lead to a formal student progress process which can end in course withdrawal.

Extra work / assessment to make up for absenteeism may be given but is at the discretion of the trainer and the course coordinator; there is no guarantee that the student can make up for learning missed due to absenteeism, and sustained absenteeism may lead to course termination.

If a student misses classes *without notice*, a formal student progress process is commenced. This process starts with an invitation to a formal student progress meeting which is recorded and results in a student progress workplan.⁶

ICAN Learn supports student wellbeing and the best way to manage change and challenge is to communicate with trainers as early as possible to work out a course of action or get support.

If a student encounters prolonged illness or other problems which affect his/her studies, ICAN Learn management must be consulted to clarify the student's situation related to the continuation of their studies. Students can apply for Leave of Absence if there has been an event or illness that prevents completion of one or more units. This is considered on its merit and requires medical or other evidence to be provided with a Leave of Absence Application Form. ICAN Learn management considers the capacity of the student, ways to support catching up, whether the student is realistically able to reach competence and whether alternative classes and / or dates are available for the student to continue their studies.

⁵ Special circumstances relate to medical, personal, tragic or similar circumstances and must be substantiated

⁶ Student Progress Policy

Unexplained, uncommunicated or unjustifiable absences will initiate the student progress process which is a formal process and may result in the cancellation of the student's enrolment and their withdrawal from the course.

6.2 Conduct in class

The ICAN Learn code of conduct addresses trainer and course participant expectations. As a general rule mobile phones are required to be switched off in class, unless on silent for specific reasons that have been discussed with the trainer. Trainers will notify students of additional requirements.

Live online classes require web-cameras and microphones to be turned on at all times unless there are extenuating circumstances that have been discussed with the trainer.

The ICAN Learn code of conduct policy is available on the ICAN Learn website student essentials page and is based on the following principles of mutual respect.

12 Principles of Mutual Respect

Treat everyone with unconditional positive regard

Be courteous

Be ready to communicate

Encourage others and share your expertise

Give and accept constructive criticism

Be receptive to change

Be a team player

Get involved

Have a positive attitude

Be honest and accept responsibility

Recognise other people's priorities and needs

Strive to do your best

SECTION 7 ASSESSMENT & COURSE WORK

7.1 Assessment Overview

Assessment is the method by which students are judged to have met or not met competence against the key elements, performance criteria, knowledge and performance evidence required for any particular unit of study.⁷

ICAN Learn upholds the key Principles of Assessment. This means that all assessment processes are:

7.1.1 Valid

Assessment against the unit(s) of competency and the associated assessment requirements cover the broad range of skills and knowledge that are essential to competent performance:

- Assessment of knowledge and skills is integrated with their practical application;
- Assessment is based on evidence that demonstrates that a student demonstrates the skills and knowledge in other similar situations; and
- Judgement of competence is based on evidence of student performance aligned to the unit/s of competency and associated assessment requirements.

7.1.2 Reliable

- Evidence presented is consistently interpreted; and
- Assessment results are comparable regardless of the assessor.

7.1.3 Flexible

- Reflects the student's needs;
- Assessing competencies held by the student no matter how or where they have been acquired (e.g. Skills Recognition); and
- Drawn from a range of assessment methods that are appropriate to the context, the unit of competency, associated assessment requirements, and the individual student.

7.1.4 Fair

- Understood and agreed by the student; and
- Application of the core principles of assessment by the assessor.

⁷ Training and Assessment Policy

7.2 Assessment Process

- Assessments are submitted via the online assessment portal unless special circumstances are known;
- Assessments are assessed within a competency-based framework and can be resubmitted no more than twice ⁸;
- Students that have not achieved competence by their third and final submission will be sent a student progress meeting request⁹;
- Assessments that cannot be completed on time require a formal request for extension of time (Assessment Extension Request submitted to administration@icanlearn.edu.au); and
- Assessment outcomes are issued to the student within the context of the competency-based framework within 30 days of the student's final submission.

7.3 Methods of Assessment

ICAN Learn uses a variety of tools to assess whether the student has achieved competency. These may include, but are not limited to:

Method	Activity
Project	A project requires detailed responses to any questions and tasks. A project may be group focused and students will be instructed by their assessor / trainer
Presentation	Students are expected to present a project or section of work in class, to lead discussion and to provide information for other students; this may also be in the context of group work and a group presentation where collaborative learning is used.
Short answer question	Students are expected to research and briefly answer set questions; this may be within or outside of class time.
Role Plays	Students engage in a practical demonstration of particular skills or reactions.
Verbal questions and activities	Students involved in class discussions, activities and groups projects. An observation report is completed by the trainer.
Learning in the Workplace	'On the job' assessment is a requirement for some courses. If Learning in the workplace is required, the student is advised of this

⁸ Assessment Policy

⁹ Student Progress Policy and Student Progress Procedure

	commitment in the relevant course guide prior to enrolment. Learning in the Workplace is structured to assist students to develop learning goals and measure their achievements by matching these to outcomes.
Reports	Students are to prepare a written piece of work on an activity where analysis, description and conclusions are required. A report may be a part of a project (summative assessment)
Journal	Students keep a journal of experiences / thoughts / challenges which are used to develop reflective practice. This is particularly relevant to Learning in the Workplace experiences.

7.4 Assessment Responsibility

Assessment is undertaken by a trainer qualified in the subject area and with a current and relevant qualification in Training and Assessment as outlined in the Standards for RTOs 2015.

Other actions may contribute to assessment information¹⁰, e.g.

Workplace Mentor (qualified in the area of work) oversees the Learning in the Workplace experience with relevant support from ICAN Learn. Workplace observation records contribute to the final assessment for units linked to placement in the course.

A meeting is conducted following a tripartite agreement (Learning in the Workplace Agreement between the Workplace Mentor, liaison trainer (ICAN Learn) and student) to establish the processes, set learning goals and discuss expectations and again at completion to formalise the observations and progress to determine whether the student is competent in the Learning in the Workplace Component. **ICAN Learn** makes the final competency decision which is documented for outcomes records purposes and completes the competency requirements for units that are linked to placement in their assessment requirements.

¹⁰ Courses that require Learning in the Workplace experience only

7.5 Assessment checklist

The checklist below is useful to work out whether all steps of the assessment process have been completed. You can print out this checklist for each unit and use it to keep track of your progress.

Assessment checklist	DONE
I have completed all written questions and projects in the ICAN Learn assessment portal (unless otherwise arranged).	<input type="checkbox"/>
I am not able to complete the assessments in time, but I submitted an assessment extension request (AER) to administration@icanlearn.edu.au prior to the due date.	<input type="checkbox"/>
My work is submitted by the specified date in the assessment portal.	<input type="checkbox"/>
I have not copied any of my work from any source, and where I have referred to other resources and used content, I have used the Harvard referencing method as per appendix 2 of this manual	<input type="checkbox"/>
I have been asked to resubmit my work. I have resubmitted the requirements to the assessment portal as per trainer request.	<input type="checkbox"/>
I have responded to each statement requiring resubmission, leaving the original response and trainer comment as a reference.	<input type="checkbox"/>
Special circumstances only I arranged to submit my assessments on paper, and I have kept a copy of my work.	<input type="checkbox"/>
Special circumstances only My name, student ID and trainer's name is on the front page of my assessment of any work submitted manually.	<input type="checkbox"/>

7.6 Assessment Deadlines

- Assessments must be submitted by the due date.
- All assessments are undertaken and completed using the online learning and assessment portal.
- All assessment due dates are set in the online learning and assessment portal and must be adhered to.
- On rare occasions when a student has specific needs, assessments may need to be submitted in hard copy (by negotiation). In this instance, the appropriate assignment cover sheet must be

attached and should clearly identify the student name, student number, the competency name and the name of the trainer. It must be hand-signed or submitted as a PDF with a digital signature to demonstrate authenticity.

- Students who fail to submit or-re-submit assessments prior to or by the due date **without having negotiated an alternative due date** with their trainer will incur a Not Competent outcome. In this course this result will be recorded as a Not Competent (NC) on the student record and will appear on the student's USI portal as such.
- ICAN Learn trainers will assist the student by initiating an email and / or text reminder once if the assessment has not been submitted by the due date and there is no AER.

7.7 Assessment Extensions

Application for an assessment extension must be made on the '**Assessment Extension Request**' form and sent to administration@icanlearn.edu.au at least **three working days before the assessment is due**. The assessment extension request form is on the student resource portal (Vasto).

If extenuating circumstances prevent the request being in writing, these circumstances must be emailed to and discussed with the unit trainer as soon as practicable with cc to administration@icanlearn.edu.au.

If extension requests are not in writing, they will not be considered.

The maximum time granted following any extension request is 2 weeks.

Students may be granted a second extension request in specific circumstances.

7.8 Resubmission of Assessment Task

Students may request a trainer to view an assessment task before submitting to get confirmation on general direction of the task or the student will submit the assessment task for marking through the online learning and assessment portal.

- 7.8.1 When a student wants feedback from the trainer prior to assessment in terms of direction etc. the student will email the trainer to request a review before formally submitting the assessment. The trainer will respond to the student from RTO teams, which records the contact and request.
- 7.8.2 When a student submits an assessment for marking in the online learning and assessment portal it is counted as the first formal assessment. Should the assessment responses be incorrect or inaccurate, the trainer will make comments and the assessment will be returned to the student with the feedback from the trainer as not yet competent. This allows the student to revisit the assessment questions and add information.

- 7.8.3 A student who receives feedback from the trainer, is given two opportunities to formally resubmit the required assessment in accordance with the assessment timeframes outlined in the Assessment Policy.
- 7.8.4 When a resubmission of the assessment is granted the student will be given 2 weeks to resubmit their work. When marking the student as not yet competent, the trainer provides appropriate feedback that outlines the requirements for the assessment task to be completed to achieve competence.

7.9 Assessment Outcomes

ICAN Learn uses a competency based framework to mark assessments which is part of the Vocational Education Training approach. This means that students are not graded with a numeric mark, but determination is made as to whether the student is Competent or Not Competent. These outcomes are recorded on the student's Statement of Attainment, Record of Results, Qualification Parchment and in the student USI portal (once RTO AVETMISS reporting is undertaken).

All assessments are marked using the Vocational Education competency based approach.

Assessment tasks are marked and returned to students within 30 days of submission. This also applies to Skills Recognition assessments.¹¹

Terms used in record of results

C	Competent
CT	Credit Transfer
RPL	Skills Recognition / Recognition of Prior Learning (RPL)
NC	Not Competent
W	Withdrawn

7.10 Assessment Appeals

If a student considers that he/she has been unfairly assessed, the student can contact administration@icanlearn.edu.au to request an Assessment Appeal Form¹².

¹¹ Skills Recognition Policy / Skills Recognition Procedure

¹² Complaints & Appeals Policy

7.11 Leave of Absence¹³

Special circumstances are situations that may warrant a Leave of Absence. Special circumstances may occur due to illness or serious events. This will be considered by trainers and management in consultation with the student and takes into consideration a student's progress through a unit of competence e.g. family commitments, medical considerations and the potential of providing study support or joining another class on return.

No student shall be discriminated against for circumstances beyond their control but are required to provide evidence for the reason that is creating their special circumstance.

Students with special circumstances have the right to be directed to relevant staff within ICAN Learn to request a Leave of Absence.

Students must use the Deferment and Leave of Absence Application form. This form can be obtained from administration@icanlearn.edu.au

7.12 Copies of Assessments

This section applies only to those who submit hard copy assessments by prior arrangement, which is an exception to the ICAN Learn general process.

Should the student submit a hard copy assessment, it is the student's responsibility to keep a copy of all hard copy work submitted for marking and associated trainer feedback. ICAN Learn will not take responsibility for lost assessments.

Where students submit assessments via the online learning and assessment portal (which is the designated method), ICAN Learn will have access at all times to assessment status and visibility over completed work, whether competent (C), not yet competent (NYC), or not competent (NC).

The online learning and assessment portal provides for the downloading of records of the student assessments and activity on the portal, which are kept for audit purposes.

Should the student want to keep their submitted work, the student must download and save their work for their own records. Trainers will advise the student of this opportunity throughout the course.

Once the student completes the unit/ course, learning and assessment materials are no longer available to them since the student's access to the online learning and assessment portal is deactivated. (i.e. if the student withdraws or if the student completes).

¹³ Leave of absence policy

7.13 Signed Consent

- Information gathered for the purpose of assessment must respect confidentiality and contain NO identifying material, such as names of clients, workplaces or programs. There is an exemption for workplace identification in relation to Learning in the Workplace procedures¹⁴.
- Any collection of information from clients or agencies for assessment purposes (including from the Agency where the student is undertaking Learning in the Workplace) must comply with privacy and confidentiality requirements.
- Assessments must never reveal the identity of any clients and signed informed consent is obtained should any identifying client information be used for assessment purposes (e.g. Learning in the Workplace case studies).
- De-identified case studies do not need permission.

7.14 Referencing

Students are required to reference their sources of information to avoid plagiarism and ensure that the student genuinely understands all aspects of the qualification or skillset that they are undertaking, including answers to knowledge questions.

The Harvard referencing system must be used in all written assessments. (See appendix 2 and / or use <https://www.mybib.com/>)

7.15 Plagiarism

Plagiarism occurs when a student:

- Hands in someone else's work as their own;
- Allows someone to hand in your work as their own;
- Uses resources without permission and acknowledgment during assessment;
- Completes an assessment with others (without approval) and acknowledgment and each hand in the work as your own;
- Uses /subscribes to paid homework sites to undertake assessments;
- Takes an assessment task and/or solution from the classroom without approval;
- Copies slabs of written material from online sites e.g. Google or other search engines.

¹⁴ Diploma of Financial Counselling only

Plagiarism does not give the trainer an indication of whether the student understands the key aspects of the unit / course material that is being assessed and hence is treated seriously.

If plagiarism is identified, the authenticity and genuineness of the assessment is compromised and breaches the assessment requirements for RTOs.

The principles of assessment encourage students undertaking group work to maintain Authenticity by:

- Discussing assessment or project requirements with others and **using the provided course material rather than generally using internet search engines** – this leads to a better understanding and is both permitted and encouraged; and
- Submitting separate written aspects of assessment for each member of the group to accompany an oral presentation, where group work is explicitly permitted and / or required.

Ensuring that external resources or material used from other sources are referenced using the Harvard referencing system.

Students can access electronic assistance for Harvard referencing by going to <https://www.mybib.com/>

7.15.1 Consequences of Plagiarising /Cheating

- Plagiarism is serious. All assessments completed by the student to meet the competencies of a course are formal assessments and must demonstrate a development of knowledge.
- Where clear evidence of copying or other misconduct occurs, ICAN Learn will apply the Plagiarism Policy and Procedure and implement the Student Progress Policy and Procedure.
- ICAN Learn outlines Plagiarism at three (3) levels in the Plagiarism Policy and takes great care at many contact points to explain plagiarism, the consequences of plagiarism and study requirements to students.
- A student will be withdrawn from the course should plagiarism be identified and continued in spite of guidance.¹⁵

¹⁵ Plagiarism policy ; <https://icanlearn.edu.au/policy/students/student-essentials/>

SECTION 8 STUDENT PROGRESS

8.1 Academic Progress

ICAN Learn takes great care to manage and support the wellbeing of students. This includes the regular monitoring of academic progress.

Students who are not making satisfactory academic progress are then identified as being 'at risk' of falling behind, failing or not achieving competence.

In the first instance, the trainer will contact the student and take an informal approach to identifying the barriers to progress.

Should the informal process not get a satisfactory result, ICAN Learn may need to apply a more formal approach.

Unsatisfactory progress includes situations when;

- the student fails to progress through assessment or fails to undertake and complete assessment tasks without notification or request for extension; and/or
- Not attending classes and lack of communication with the trainer about their situation; and/or
- Resubmitting any unit more than 2 times which remains NYC in spite of guidance and support; and/or
- The student breaches the professional or ethical frameworks of the profession or displays critically dangerous practice whilst undertaking Learning in the Workplace; and/or
- The student fails to meet the academic conditions previously imposed by the subject/ unit trainer, the course manager and /or ICAN Learn Executive Officer; and /or
- Not responding to informal solutions provided by academic trainer and administration staff.

Should a student not progress appropriately through any of the reasons above, ICAN Learn will request a Level 1 student progress meeting in writing.

The student is advised that they can bring a support person to this meeting and has a limited time for response. This support person does not need to be a trainer or staff member and should be unconnected with the progress management process.

Student progress level 1 meetings are attended by the course manager or the unit trainer, and / or a member of the administration team. Student progress meetings are mandatory and are arranged by the ICAN Learn administration team.

Following the student progress 1 meeting a student workplan is written to summarise actions and timelines. This document is issued to the student and saved in the student file. It is used for any follow up meeting(s) to ensure that the student is progressing satisfactorily.

Failure to progress following Level 1 progress meeting leads to a level 2 progress meeting where a similar process will occur.

Failure to progress beyond level 2 progress meeting will lead to course termination and student withdrawal from the course.

Should course termination be required, the student is issued with a 28-day notice that their enrolment will be cancelled and that thereby they will be withdrawn from the course.

SECTION 9 SKILLS RECOGNITION

Skills recognition includes one or a combination of:

- Credit transfer (CT);
- Recognition of prior learning (RPL);
- Recognition of current competence (RCC); or
- Alternative assessment.

9.1 Credit Transfer

Credit Transfer applies where a student has undertaken previous studies and can present a genuine verified transcript / Record of Results / Statement of Attainment which outlines units of competency with unit codes that directly match the code of a unit/ units in the course in which the student is enrolled.

9.2 Skills Recognition Application

Enrolled students may apply for Skills Recognition on the basis of previous study and work and/or life experience, provided that experience addresses key competencies outlined in various units.

Assessment of the suitability of the student's evidence will determine whether prior learning or current competence is relevant.

9.2.1 Skills Recognition Process¹⁶

Note: Skills Recognition can only be granted for entire unit of competence (e.g. not part of a unit)

The student must:

- Be enrolled in the relevant course at the time of their Skills Recognition application.

¹⁶ Skills Recognition Policy & Procedure are on the ICAN Learn website

- Discuss the desire to obtain skills recognition with administration and subsequently the course coordinator and / or trainer.
- Obtain the Skills Recognition Application & Self-Assessment Kit from the ICAN Learn website or contact administration@icanlearn.edu.au and request the kit.
- Gather evidence **in full** including verified qualifications should that be relevant.
- Number and name the Skills Recognition document files and list them in the relevant section of the Skills Recognition Application & Self-Assessment Kit.
- Qualifications / certificates **must be verified documents**.
- All third-party reports must be provided on company letter head of the referrer and verified.
- Submit your completed the Skills Recognition Application & Self-Assessment Kit by email to administration@icanlearn.edu.au with your supporting evidence.

The Skills Recognition Application & Self-Assessment Kit is assessed within 30 days of receipt. The outcome is forwarded in writing to the student and the course manager by administration for noting in the student record.

If the Skills Recognition Application is NOT successful, the student has 7 working days from result notification, to appeal the result in writing. If an appeal is not lodged, the decision is binding.

If the Skills Recognition Application/Appeal is unsuccessful the student is required to attend classes for that unit of competency. .

9.2.2 Skills Recognition Application Closing Dates

When a student decides to seek skills recognition, please note that any recognition of units in which student is **currently enrolled** must be completed by the required date. In order for this timeline to be met Skills Recognition applications and evidence must meet deadlines set in the online assessment portal; if this is not likely to occur, or the student needs more time, an Assessment Extension request must be submitted.

9.2.3 Skills Recognition Fees

Fees for units approved for Skills Recognition are charged as per Fees Schedule.

There is no fee charged for Credit Transfer (CT). CT only occurs for units already completed with identical unit of competency codes, when **verified** Records of Results / Statement of Attainment are provided to ICAN Learn as part of the Skills Recognition application and self-assessment kit.

Skills Recognition Application can only be finalised, when all aspects of the Skills Recognition application and self-assessment kit are completed and the fee for that unit is paid.¹⁷

9.3 Alternate Assessment

In some instances, students may have undertaken activities prior to their enrolment in their current course, which may allow them to demonstrate achievement of individual learning outcomes/elements within competencies of their current course.

As entire modules or competencies have not been attained, they are not eligible for Credit Transfer or Recognition. In this situation the student may be offered the opportunity for 'up front' assessment in which the assessment is provided without learning resources.

It is possible in some circumstances that if a student undertakes an alternative assessment, that the outcome may result in reduced time in class. However, there is no reduction in fees nor is a refund available.

Note: Up front assessment does not give the student access to learning materials and requires the student to complete required assessments using their current and prior knowledge.

SECTION 10 COMPLAINTS

ICAN Learn defines a complaint as a circumstance arising from a situation within the control and/or responsibility of the RTO, where a student considers that she/he has been wronged because of an action, decision, or omission, which the student regards as unjust, wrongful and discriminatory or adversely affecting their course progress or standing.

Complaints may involve the administrative, course, and support service functions.

A complaint may arise from any matter relating to a student's enrolment or membership of the ICAN Learn community (students, trainers and administrators).

Informal procedures are often successful in resolving a complaint, and it is always preferable to resolve problems that way. If you have a problem, then the first step is to speak to your trainer or make an appointment with an ICAN Learn Manager. Often areas of concern for students can be dealt with directly by the course trainer.

If a student is unable to resolve a complaint at this level, they may wish to escalate this to a formal complaint. A formal complaint must be made in writing and provide full detail of the nature, conditions and impact of the complaint matter.

There is a formal complaints policy and procedure for students who wish to make a complaint.¹⁸
